COMMURE

Transport workflows

A minimal guide for employees and Operation-Admins

READ THIS FIRST

Choose your role. Follow the numbered steps. Use the status colors to know what happens next.

01 / ORIENTATION

One system. Three journeys.

The portal connects employee requests, Operations review, and transport assignment.

Choose your journey

Employee submits > Operations reviews > Transport assigned > Employee travels

Weekly schedules follow the approval path. Ad-hoc requests are visible to Operations and Facilities immediately so urgent transport can be assigned quickly.

Status language

PENDING

Waiting for review or assignment.

APPROVED / ASSIGNED

Accepted or matched with vehicle and driver.

REJECTED / CANCELLED

Not active. Read the reason before trying again.

Weekly deadline

Corporate weekly schedules must be submitted before Saturday 12:00 PM, Asia/Dhaka, for the coming Monday-Friday week. After the window closes, use an ad-hoc request for urgent needs.

ROLE WORKFLOW

Employee-MDS

View your published schedule and request one-off transport.

YOUR NAVIGATION

Dashboard / Ad-hoc Request / Profile

Workflow at a glance

Need transport > Submit ad-hoc > Operations + Facilities see it > Vehicle details appear

How to complete the task

01 Open Dashboard and check Today’s rides.

02 For a one-off ride, open Ad-hoc Request.

03 Select date, arrival time, pickup point if required, and reason.

04 Submit and track the request status.

05 After assignment, check pickup time, driver, and vehicle.

REMEMBER

Your weekly schedule is published by Operation-Admin. Contact Operations if it is missing.

ROLE WORKFLOW

Employee-Corporate

Submit a weekly schedule and request one-off transport.

YOUR NAVIGATION

Dashboard / My Schedule / Ad-hoc Request / Profile

Workflow at a glance

Choose week > Select days + times > Submit before deadline > Operations approves > Route is assigned

How to complete the task

01 Open My Schedule and choose This week or Next week.

02 For each day, select an arrival time or No transport needed.

03 Submit before Saturday 12:00 PM, Asia/Dhaka.

04 Check for PENDING, APPROVED, or REJECTED.

05 If rejected, read the reason and resubmit before the deadline.

REMEMBER

Approved schedules are locked and move to Facilities planning. Use ad-hoc when the weekly window is closed.

ROLE WORKFLOW

Employee-Corporate (Fixed arrival)

Use your standing arrival schedule and keep your profile accurate.

YOUR NAVIGATION

Dashboard / My Schedule / Profile

Workflow at a glance

Choose standing time > Confirm schedule > Facilities plans route > View pickup details

How to complete the task

01 Open My Schedule.

02 Choose or confirm your standing arrival time.

03 Review the repeating Monday-Friday schedule.

04 Check Dashboard for today’s pickup details.

05 Update your address or contact information in Profile.

REMEMBER

Fixed-arrival transport follows a predefined time. Keep the home pin accurate so routing remains reliable.

ROLE WORKFLOW

Operation-Admin

Review schedules, manage Operations queues, and monitor allocation.

YOUR NAVIGATION

Dashboard / MDS Weekly Schedule / Ad-hoc Transport / Allocation History / My Schedule / Profile

Workflow at a glance

Open review queue > Filter week + status > Approve or reject > Monitor allocation > Resolve exceptions

How to complete the task

01 Open MDS Weekly Schedule from the dashboard queue.

02 Filter by week and search by employee name or email.

03 Open a row and review the Monday-Friday schedule.

04 Approve, or reject with a clear reason.

05 Monitor Ad-hoc Transport and escalate requests that remain unassigned.

06 Use Allocation History to search past assignments and support handovers.

REMEMBER

Clear the weekly queue before the Saturday 12:00 PM lock. Every rejection should include a reason.

06 / QUICK REFERENCE

When something does not look right

Use the shortest safe path to resolution.

Common situations

FORM DISABLED

The weekly window may be closed. Use the next open week or submit an ad-hoc request.

NO SCHEDULE

MDS and fixed-arrival schedules are published by Operations or Facilities. Corporate schedules require your submission.

NO RIDE TODAY

Check the dashboard and email after dispatch. For vehicle, driver, or pickup issues, contact Facilities.

403 PAGE

You opened another role's URL. Return to your sidebar. Ask Super Admin if your role is incorrect.

Who handles what?

Schedule / approval > Operation-Admin > Vehicle / route > Facilities > Account / role > Super Admin

Safe data rule

Use the portal for real employee and transport data. Do not share passwords, private addresses, or screenshots containing personal information outside approved support channels.
